EMPIRE ELITE

Camp Mission Statement:

The Empire Elite Tennis Camp is a maximum effort camp designed to drive players physically and challenge them through high intensity drills, match play, conditioning, mental exercises, and pattern-of-play repetition. The camp goal is to challenge player's techniques while teaching each individual about their own game, how to build and play smart strategic points, high percentage pattern work, how to recognize and deal with big points, recognize your opponent's weakness and how to structure a game plan before and during a match. All of this is to help you reach your goals, to be the most successful high school player you can be.

Seminars:

Each day you will hear seminars from coaches about mental toughness, pattern of play, how to prepare for a match, what to look for in the warm up, putting together a game plan, recognizing big points, and many other topics that will help you be at your best! Elite Camp Coaches have coached at all levels of the game from the grassroots program to the Grand slams and are excited to share their knowledge and passion to help you improve your game.
